# ABOUT OUR HOMES

Fleetwood homes are built for life. Your life. Our focus is meeting the ever changing lifestyle needs of its customers. Families from all walks of life invest in a Fleetwood home because of our reputation for building the finest homes, pricing them affordably, and backing them with outstanding service and warranty protection. There are many terms for this type of housing but our happy homeowners and their families and friends just like to call them "home."

As a company, we started out building travel trailers. Then, over 50 years ago, we leveraged this expertise to pave the way for a whole new industry - residential manufactured homes and park models built off-site, in a controlled building environment by skilled, experienced craftsmen. Today we are one of the nation's largest national manufactured home builders.
